

My name is Julia Mochalova.

I'm front-end developer from Russia, Moscow.

## About me

I enjoyed drawing, dancing and music since I was born. When I grew up and became a web developer – I transferred my creativity to Front-End and especially to CSS3 animations.

I like to play drums and guitar, recently I started to practice calligraphy and drawing.

I love to travel and make photos wherever, whenever and of whatever :)

I want to be a creator. I want to be involved in something big, something, that will leave a trace in history and will improve people's life.

## About my skills

I have more than 5 years of IT experience.

I'm specializing on developing semantic, usable and accessible websites, with attention to details.

My passion is a CSS3 transforms and animations.

I have experience in the following areas:

- HTML, Haml, Slim, TWIG
- CSS3, SCSS (SASS), styled-components
- JS, jQuery, React
- AI, PS, Sketch
- Bootstrap 3-4
- Gulp, Npm, Yarn, Webpack

## About my work

**Lykke** is building a global marketplace for the free exchange of financial assets. I participated in most of the projects: **BlockchainExplorer**, **LykkeWallet**, **LykkeStreams**, etc.

**VK.com** — leading social network in CIS, and the most popular website in Russia.

**Multi** — NYC's food delivery app - a digital layer above the street.

**Newidols** — I was core Front-End Developer for the agency and participated in building majority of the websites.

**Perm Summer School**, **Perm Winter School** — blockchain conferences.

**Youla** — mobile-first location based C2C marketplace to buy and sell goods.

**Dogsy** — online marketplace for people to buy and sell pet care services including pet sitting, dog boarding, and dog walking.

Museum Plus: **Virtual Japan Prints**, **Museum Center**, **Virtual Russian Museum**, **Russian Museum Shop**, **Archeoglobus**.

---

Freelance work in progress: **Dot**
